Cafetière of Coffee

We are delighted to bring you a choice of teas selected for Rufflets by the Tea Lovers' Company, using biodegradable pyramid whole leaf bags. Created in St Andrews 5 years ago by Luke Northy-Baker, the name of the business reflects its ethos – tea lovers who want to help the education of children and supply a great cup of tea at the same time; thereby sharing and passing on a little bit of TLC.

All TLC profits are donated to educational charities.
